

# Reviews Management

## Collect and share reviews to grow your business

Collect and share reviews to grow your business. Leverage hundreds of integrations to get found on top of search engines and get chosen. Monitor and reply to all reviews for all locations in a single dashboard. With Experience.com collecting, sharing, and replying to reviews at scale has never been easier.

## BENEFITS:

-  Grow your business by getting reviews on sites that matter
-  Analyze and reply to all reviews from a single dashboard
-  Share reviews to optimize your sites and create social proof
-  Make customers feel heard by quickly addressing negative comments

## FEATURES:

-  Leverage hundreds of integrations to get found on top of search results
-  Easily filter, reply, and share reviews, for all locations, in one dashboard
-  Share your best reviews to social media sites like Facebook, LinkedIn, and Twitter to create social proof and win new customers
-  Easily convert unhappy reviews into support tickets and forward to the people in the best position to make changes
